Four More, Fifty Eight In All

January 1st. I paid four more matured endowment policies, written twenty years ago, making a total of Fifty Eight that I have settled in the past four years, all written through my agency, 20 to 24 years ago.

There are Twenty Three more coming due this year. Don't you wish yours was one of them? By the way when does yours mature?

Suppose you anticipate receiving one a little later and let me recommend what I think is the best term for you to take. There are many different things to be taken into consideration and with 27 years experience, I flatter myself capable of giving expert information on the subject.

A BIG BANQUET

Third Speaker Engaged To Address Commercial Club Thursday Evening—Committee Meets.

Everything points to another successful banquet by the St. Johnsbury Commercial Club at 6:30, Thursday evening at The Avenue House. Mr. Wentworth, the insurance expert, is expected to speak and Judge F. L. Fish will speak on "Friendship in Business." In addition to these President Fairbanks has secured Mr. J. Lyster of Whitefield, N. H., to deliver an address. There will be short remarks by some local talent. Mr. Lyster is one of the live wires of northern New Hampshire and will have something of interest.

At a meeting of the executive committee Monday evening the matter of hack service and the difficulty of securing a hack was brought up. The president will appoint a committee to meet the hackmen and see if arrangements cannot be made so one hackman will be on duty evenings.

The coming annual encampment of the G. A. R. here in April was brought up but owing to the absence of Charles Ross it was put over until the next meeting.

Prin. M. G. Benedict, chairman of the committee on education, called attention to the great task that was before the club in providing suitable accommodations for 1,300 visitors during the annual convention of the State Teachers' Association.

The new state home for feeble minded children was discussed with Dr. W. J. Aldrich, one of the trustees of the institution. He said the state would build as soon as a suitable location could be found.

A farm of about 500 acres is needed as the highest grade of these boys are worked on the farm. He says \$25,000 was available now toward establishment of the institution and the state is paying out from \$11,000 to \$12,000 per year now for the support of these children. There are 100 of these children now that must be cared for as soon as an institution is provided and the trustees are constantly receiving applications to provide for more children.

Fire Truck Went Through Snow.

There was a small fire at 40 Maple street at 12:40 Tuesday. The chimney burning out caused some blaze, but this was soon extinguished upon the arrival of the chemical fire truck. A little after six, a silent alarm was given from 14 Park street, at the home of Miss Elizabeth Hawes. What

looked to be a very serious fire was raging in a partition when the chemical truck reached there, but the flames were extinguished before very serious damage was done. The fire was caused by a rat's nest built in the partition near the chimney. It had been feared by some that on a cold day or when the roads were in bad condition from drifted snow, the fire truck would be unable to do its work. The readiness with which it responded yesterday and the ease with which it reached the scene of action, show convincingly that the Chemical Fire Company are "right there with the goods" in all sorts of weather.

In response to the request of the St. Johnsbury Commercial Club, through President Joseph Fairbanks, Superintendent Polson has started a mixed train to operate between Wells River and Lyndonville after the arrival of the late afternoon trains at the former station. This train begins operation, Monday night and leaves Wells River at 6:40 p. m. and reaches St. Johnsbury at 7:58. It makes regular stops at McIndoes and Barnet and flag stops at the other intermediate stations.

As a result of this concession by the railroad there will be no petition signed by local parties asking the public service commission to order the restoration of the two trains discontinued last Monday.

KNIGHTS OF COLUMBUS.

Third Degree Conferred On Largest Class In History—Held Banquet.

Sheridan council, No. 421 Knights of Columbus, exemplified the third degree on the largest class in the history of the council here January 7. There were 42 candidates, 20 of them local men and the remainder from several towns in this section of Vermont. This class brings the membership of Sheridan council up to 235, making it the largest council in Vermont.

The degree team was made up of State Deputy Joseph A. Carroll of Providence, R. I., Past State Deputy Charles P. McAlevy of Pawtucket, R. I., District Deputy McCarthy, Richard Herrick, William Hogue of Woonsocket, R. I., District Deputy Charles F. Mann of Brattleboro and District Deputy Bolvin of Quebec.

There were nearly 300 knights present for the meeting, delegations being present from every council in the state, as well as representatives from Massachusetts, New Hampshire, Connecticut and Rhode Island.

A banquet was served in the Avenue house that night, more than 200 covers being laid. D. P. Healey was toastmaster and the list of speakers included Charles P. McAlevy of Providence, R. I., Rev. John Dwyer, Joseph Carroll of Providence, R. I., Charles Mann of Brattleboro, District Deputy McCarthy of Providence, R. I., Rev. Caruzeller of Stanstead, P. Q., John McDonald, the oldest member of the Knights of Columbus in the state of Vermont, Rev. Father Crosby of Hardwick and Past District Deputy Maynard of Pawtucket.

Real Winter Weather.

Those deluded mortals who imagined that Vermont would maintain the precedent established in 1913 for a mild winter found that 1914 had no intention of following a good example. A cold Sunday with zero weather was followed by a snow storm on Monday and by night the north wind blew with all its fury and the mercury kept dropping until it reached 32 degrees below at Eastman's and 26 below at Bingham's. At four o'clock thermometers stood at 22 and 24 below and only the promise of weather "not quite so cold" on Wednesday kept up the courage of those who were obliged to face the wind and brave the cold. It was certainly one of the worst days imaginable to be out-of-doors and it was no easy matter to heat houses on account of the strong wind.

COUNTY COURT BUSY

Several Trials and Some Important Cases Settled—Criminal Docket Coming Soon.

Few judges have kept the business of county court moving more steadily than Judge Frank L. Fish has been doing since the December term opened. Since his return from Rutland court has sat every day but Sunday except last Friday afternoon when a recess was taken to allow the judge and members of the bar to attend Horace W. Bailey's funeral.

Yesterday after an all night session the jury which heard the case of Gilman Brothers vs. Austin T. Booth returned a verdict for the plaintiff to recover \$1075. Then the case of Bert W. Green vs. Lewis I. Leclair was taken up and is not finished.

Other important decisions rendered was in the case of William J. Cross vs. the Passumpsic Fibre Leather Co. in which damages of \$4,800 were allowed. John Tossant got a verdict of \$253.33 against the Francis A. Walker estate.

A trial was opened in the case of Harry B. Morrison vs. E. and T. Fairbanks and Co., but it was soon announced settled. It is rumored that Mr. Morrison decided to accept the company's offer of \$5,000 damages. This was followed by a settlement of the case of Lisa C. Locke vs. St. Johnsbury and Lake Champlain Railroad, rumor stating that she was paid \$4,200.

It is understood the criminal docket will soon be reached and there are many cases to be heard.

FARMERS EXTENSION SCHOOL.

List Of Good Speakers At The Y. M. C. A. Until Saturday.

The extremely unfavorable weather has kept the attendance at the first Extension School for the benefit of the farmers of this vicinity small thus far but an unusually interesting list of subjects will be treated up to Friday evening when the school closes. Messrs. Deuel, Moran, Elliott, Director Bradley, Prof. Van Pelt, Prof. Hawes, State Commissioner Brigham, Mr. Bailey and County Agent Stimson are in the list of speakers for the remaining sessions and many of their subjects are of a very practical nature. The sessions are held in the Y. M. C. A. building.

F. C. A. DEFEATED.

Lost Game In Franklin—Will Play Franklin Team Here Friday Evening.

The F. C. A. first team went to Franklin, N. H., last Wednesday. After the fastest basket ball game played in Franklin this season, the local boys had to take the short end of the score, losing by three baskets. The game throughout was intensely interesting, an audience of between 500 and 800 people rooting for their favorite team. The F. C. A. boys were handicapped by the absence of two of their best men, Lacroix and

Racette, and on the other hand, the Franklin people had hired three experts to play against the St. Johnsbury aggregation. The management at Franklin wants the local boys to go back in February, the leading manager claiming he could get an audience of 1200 people for a second game.

The fast bunch from Franklin will be here next Friday night. Posters are already out announcing the details, and every lover of sport should make it a point to be there.

The management has also secured dates with the Springfield, Me., teams which will appear here Feb. 4 and the Shamrocks of Barre. Line up of the Franklin games:—

Academy Played Dartmouth.

Before a good sized crowd at the Y. M. C. A. Saturday night St. Johnsbury Academy forced the Independents of Dartmouth College to their fastest pace in an interesting game of basket ball. The team work and passing by the locals surprised the college men. The visitors substituted the Academy team, however, in the scrimmage showed to good advantage. The score was 29 to 21, with Dartmouth in the lead most of the game.
